

CHAIN SAWS FOR SCIENCE!!

NEEDED Any Homelite 360 Automatic models.

Any condition. We'll pick up or ship.

Our startup R&D company needs old chain saws to prototype a new high-torque radial engine, the Circle 18. Please help us improve fuel efficiency by donating any **Homelite Automatic 360** chain saw (which we will recycle as a piston/cylinder assembly). These were red in color, made in the 70's and 80's.

Please check your garage and help us get the word out through 2010.
